

Adult Congenital Heart Disease 2025

20 credit module - available at level 6 and level 7

An in depth exploration of the anatomy, treatment and experience of adults living with congenital heart disease.

Set across six study days, this course provides in-person teaching by clinical experts and aims to equip students with the knowledge and skills to provide high quality care to this important and growing group of patients.

CONTACT DAYS: 16/01/2025, 30/01/2025, 13/02/2025, 27/02/2025, 13/03/2025, 27/03/2025, 01/05/2025
